SOLONS DECLARE SOCIALISTS UNFIT FOR LEGISLATURE

Committee of New York State Assembly Makes Report Today.

ASK SEATS TO BE DECLARED VACANT; PARTY AGAINST GOV'T.

Report Urges New Law Barring Political Parties With Alien Members.

Albany, March 30.—Charges of unfitness against the five Socialist members of the New York state assembly—Louis Waldman, August Claessens, Charles Solomon, Samuel A. Dewitt and Samuel Orr—have been sustained by a majority of the assembly's judiciary committee in a 20,000 word report submitted to the legislature today. It says their seats should be declared vacant.

The committee's report, which also charges the party with occupying the position of a political party on the official ballot of the state is advocated. The Socialist assemblymen, the findings state, "are not obedient to the constitution and laws of the United States and the state of New York nor desirous of the welfare of the country nor in hearty accord and sympathy with its government and institutions."

The report mentions the fact that the party's constitution provides that "any Socialist elected to an office who shall in any way vote to appropriate moneys for military or naval purposes or war shall be expelled from the party."

The report reviews evidence heard during the recent 24 days' trial, purporting to show that the Socialist party opposed legislation for industrial and military conscription, pledged its members to work for the repeal of the conscription law, advised resistance to conscription of life and labor and urged the repeal of the war revenue law.

Minority reports were submitted by members of the committee who dissented from the findings of the majority. Action on the reports will be made a special order of business in the assembly tomorrow, and it is expected that the final vote will be taken on Thursday.

While no concerted action has been taken by those who opposed to the expulsion of the Socialists, Majority Leader Simon L. Adler of Monroe and Assemblyman Theodore Roosevelt of Nassau will speak and vote against that program.

REQUEST IS DENIED. SENATE REVERSES ACTION; RATIFIES SUFF AMENDMENT

Mississippi Upper House Reconsiders Vote on Federal Amendment and Endorses Proposal.

Jackson, Miss., March 30.—The Mississippi state senate today ratified the federal woman suffrage amendment thus reversing the action of several weeks ago when the amendment was rejected.

FRENCH AGREE WITH WILSON ABOUT TURKEY

Paris, March 30.—It was said at the foreign office today that the French point of view regarding Turkey and Armenia is in agreement with that of President Wilson as to the desirability of the largest possible Armenian state and the expulsion of the Turks from Constantinople.

The question is raised, however, as to how these ends can be achieved with the force necessary to deal with the trouble certain to result among the Mussulman peoples.

President Wilson's note in the Turkish question was delivered to Premier Millerand by Ambassador Wallace yesterday.

It would require a force of several hundred thousand to take up a decision to eject the Turks entirely from Europe, a high official said. He pointed out that the League of Nations, which would naturally fall the obligation of dealing with the situation created by such action had not force at its command.

WIRE BRIEFS

Calamit.—General Leonard Wood charges intricate propaganda to break down friendship of United States with allies has already taken effect with the aid of a law passed in the United States.

KENTUCKY MOB HANGS NEGRO; ATTACKED GIRL

Paris, Ky., March 30.—Swooping down unexpectedly upon officers who were taking Chant Smith, negro to the jail at Paris last night, a crowd of 40 men captured the negro and hurried him in an automobile out the Maysville-Lexington pike to Mays Lick, Fleming county, where he was hanged to a telegraph pole. Smith, who is 40, disappeared two months ago after alleged assaults on Ruby Anderson, 14, daughter of a farmer of Flemingsburg, Fleming county, Ky. He was arrested in Michigan last week and was taken from the train last night to the Paris county jail when the 40 unmasked men came from buildings and took the prisoner from Sheriff G. W. Powell and Chief of Police Link.

A quickly formed posse of county authorities unsuccessfully endeavored to overtake the mob in automobiles. When they arrived at Mays Lick the crowd had disappeared, but the body of the negro was found hanging by the neck to the end of a rope tied to the top of a telegraph pole. It was not mutilated, although threats were made at Paris to burn him. His arms were wired to his side and he was still handcuffed. According to reports reaching here, the negro lived 15 minutes after he was swung up.

NEW YORK VICE PROBE TO SPREAD

Man Who Started Investigation Is Himself Under Fire—Charge He Protected Resorts.

New York, March 30.—A new phase in New York's vice war was ushered in today when Raymond F. Almiral and Colonel William R. Tamm, former and counsel of the extraordinary grand jury took command of the situation.

Resuming after three months its investigation of charges against three members of the district attorney's office—including Assistant District Attorney James E. Smith—the jury through its foreman, announced today that it would begin its session that it would turn first to the latest allegation concerning Mr. Smith. These were contained in six affidavits made public last week by Police Inspector Donald Hendon, head of the "redemption" district who under fire from Mr. Smith, replied with charges that the crusader himself had sought protection for certain disorderly houses and gambling houses and gambling.

Meanwhile there looms the possibility that the third investigation—more sweeping than the two in progress—may be made of conditions in this city, for a resolution has been introduced at Albany by Assemblyman Louis A. Curvillair, a Democrat asking a probe of the Tammany administration.

EVADES DRAFT GETS 5 YEARS

Wealthy Philadelphia Youth Dodges Federal Officers Two Years But Finally Is Landed.

New York, March 30.—Grover Cleveland Bergdoll, wealthy young Philadelphian, recently court-martialed for desertion because of his alleged failure to report for military service under the draft, was sentenced to five years in prison, according to a decision of the court made public here today.

The sentence, effective today, is for hard labor in the jail at Governor's Island. In addition, Bergdoll's rights of citizenship are forfeited as a result of his conviction.

GOVERNOR THINKS CITY HAS FULL AUTHORITY

Columbus, March 30.—As a result of an investigation of the legal authority now vested in cities to curb alleged rent profiteering, Governor Cox is expected to decline the request of the Cleveland city council that the legislature be called in special session to enact remedial laws. All the legal opinions submitted to the governor are said to hold that the state has no power in the matter which charter cities already do not have.

The Cleveland council suggested that the state establish a board of rental review to limit returns on residential property to ten per cent.

SMOKEHOUSE CATCHES FIRE; ROOF BURNED OFF

At 12 noon the smoke house of Will Guttridge of 57 North Sixteenth street, caught fire and the squad wagon and the West Newark company responded to an alarm. The house was near the barn in the rear and for a while there was a danger of the fire catching fire. The shed which housed the smoke house was fully covered by insurance. About \$100 worth of hams and bacon were being smoked, but the only damage to them was by water.

FURNITURE COMPANY INCREASES CAPITAL

The Newark Furniture company today increased its capitalization from \$100,000 to \$200,000. The company has erected a new building adjoining the plant to take care of the expansion of business. It manufactures high grade dining room suites. A special switch has also been installed at the plant to accelerate loading.

TORNADO KILLS AND INJURES MANY, LEVELS HOMES IN CHICAGO

A scene at Seventy-first avenue and Dakin street, Chicago.

At least twenty-nine persons were killed in Chicago and hundreds were injured when a tornado struck the outskirts of that city last Sunday afternoon. The photo gives a glimpse of the devastated area.

OHIO DEATH LIST REACHES 50; LOSS IS MANY MILLIONS

Heaviest Loss of Life Occurred on Western Boundary of State.

HUNDREDS OF HOMES ARE DESTROYED, BARN RAZED

Entire Villages Are In Ruins As Result of Storm Sunday.

Columbus, March 30.—Additional casualties resulting from the storm which swept western and northwestern Ohio Sunday, brings the list of known deaths to 50. Of this number 22 were killed in the region about Toledo and eight in the region about Greenville. Other deaths from injuries are expected.

Columbus, March 30.—Twenty-six known dead, about 50 seriously injured and approximately 100 others who sustained minor injuries, was the known toll today of the tornado which swept through western and northern Ohio Sunday.

The property loss will reach several million dollars, according to conservative estimates. Loss in the upper Miami valley alone is known to be at least \$2,000,000. Some estimates were several millions.

Heaviest loss of life was in the vicinity of Greenville and Nashville, in the extreme western part of the state, where eight were killed and 24 hurt.

Six persons were killed in Renolette and Brunsburg, towns near Defiance; four were killed and 20 hurt at Raabs Corners; two were killed and 14 injured at Genoa and Van Wert and Moulton each reported three fatalities.

In all of the stricken districts hundreds of homes were destroyed and barns housing valuable live stock demolished.

Three hundred homeless families are being cared for in Greenville and nearby towns.

Entire villages in Allen, Auglaize and Van Wert counties were in ruins. Hundreds are homeless.

INDIANA'S DEATH TOLL IN STORM REACHES 36

Indianapolis, Ind., March 30.—The death toll in Indiana from Sunday's tornado today stood at 36 and property damage was expected to reach several millions of dollars. Several hundred persons were seriously injured and some of them may die.

According to latest reports rural sections of Jay, Allen, Adams and Hamilton counties suffered the greatest damage both as to human life and property. Property damage was reported from nearly a score of other counties in the northern part of the state.

Telephone and telegraph communication was assumed more or less of a normal aspect today and reconstruction work in some of the storm-stricken communities was under way this morning. Local organizations in towns of cities are offering food and clothing to the homeless and injured and in Allen county many persons were being cared for in Fort Wayne hospitals.

161 KILLED IN STORM WHICH SWEEPED COUNTRY

Chicago, March 30.—The death toll of Sunday's tornadoes, which ripped paths of destruction through the sections of

eight states stood early today at 161, with fears expressed that reports from isolated regions and deaths among the injured might increase the total.

Stricken communities were emerging today from the wreckage wrought by the storm and relief measures for the thousands of injured and homeless were well under way.

Wire communication in the affected areas was being restored and this was expected to aid in clearing up the extent of the destruction and the total number of those who lost their lives.

Tabulated reports by states today gave the number of deaths as follows:

Indiana, 36; Adams county, 2; Allen county, 11; Jay county, 11; Steuben county, 1; Montgomery county, 1; Union City, 10.

Illinois, 30; Elgin, 7; Irving Park, 6; Monroe Park, 10; Maywood, 4; Fairfield, 3.

Ohio, 50; Cincinnati, 1; Nashville, 3; Van Wert, 3; Moulton, 3; Renolette and Brunsburg, 6; Genoa, 2; Raabs Corners, 4.

Michigan, 12; Fenton, 4; Maple Grove, 3; Coldwater, 2; Hart, 1; Kalamazoo, 1; Vansee Springs, 1.

Georgia, 38; LaGrange, 26; West Point, 10; Macon, 1; Milner, 1.

Alabama, 17; Alexander, 11; Agricola, 5; Cedar Springs, 1.

St. Louis, Mo., 1.

East Troy, Ind., 1.

An unverified report that 15 white persons were killed at Stovall, Ga., a village near LaGrange, was being investigated. If true the death list would be increased to 176.

A number of persons were reported missing in various localities hit by the storm, and it was feared some might have been killed.

No accurate estimate of the total property damage, which runs into the millions had been made today. In Illinois it was estimated that the material loss was \$6,000,000; in western Ohio, \$2,000,000; Michigan, \$2,000,000, and Georgia more than \$1,000,000.

Damage to crops and livestock was estimated at \$1,000,000. The Red Cross and civilian committees organized aid for the injured and homeless. Hundreds of carpenters who began reconstruction yesterday in Elgin, Maywood, Monroe Park and Irving Park, around Chicago, had cleared away most of the wreckage today. All of the refugees had been placed in homes or tents.

Among the deaths occurred yesterday night at the injured in the Chicago district and hospitals reported that most of the hundreds of patients would recover.

MAYO DECLARES NAVY WAS READY WHEN WAR CAME

Commander of Atlantic Fleet Says It Was Well Trained.

SHIPS WERE UNDER-MANNED BUT EFFICIENT, HE SAYS

Was Told to Protect Coast and Train the Navy Personnel.

Washington, March 30.—The Atlantic fleet never was better prepared for war than when it came from Cuban waters late in March, 1917, after its winter maneuvers. Rear Admiral Henry T. Mayo, former commander in chief of the fleet, today told the Senate committee investigating the navy's conduct of the war. The personnel was on a peace basis and was somewhat inadequate, the admiral said, but officers and men were confident and well trained.

No written plan or policy for the participation of the fleet in the war was given him when the United States joined the allies, Rear Admiral Mayo testified, but in conversations with Admiral Benson, chief of naval operations, and other department officials he was informed that the missions of the command were to prepare for instant service; to protect the coasts of the United States and to train naval personnel.

DENMARK'S KING PARLEYS WITH UNIONS

Copenhagen, March 30.—King Christian announced today his refusal to comply with the ultimatum of the Social Democrats demanding the reinstatement of the Zähring ministry, dismissed by the king on other action in connection with the government crisis.

The demand was made under the threat that the Danish trade unions would meet today with a view of declaring a general strike if the throne did not comply with the ultimatum. The king's refusal to accede to the demand included the immediate summoning of the Rigsdag and the restoration of constitutional conditions.

Copenhagen, March 30.—Socialist and trade union representatives who continued with King Christian last night relative to the crisis which has arisen in Denmark as a result of the dismissal of Premier Zähring's cabinet, demanded immediate reinstatement of the Zähring ministry, an immediate call for a meeting of the Rigsdag and the introduction of new constitutional conditions.

The king's refusal to accede to the demand was made under the threat that the Danish trade unions would meet today with a view of declaring a general strike if the throne did not comply with the ultimatum. The king's refusal to accede to the demand included the immediate summoning of the Rigsdag and the restoration of constitutional conditions.

UPPER MISSISSIPPI FLOODED; PEOPLE FLEE

La Crosse, Wisconsin, March 30.—Flood conditions in the upper reaches of the Mississippi river today had assumed a serious aspect. The river had passed the 13-foot mark, flood stage, here and was rising at the rate of three feet every 24 hours. Residents of North LaCrosse used row boats to remove household goods.

Thousands of acres of farm land were under water today in the LaCrosse river valley because of the breaking of the dam at Perch Lake, Siga.

In the Manitowish river valley property was damaged \$1,500,000,000, it was estimated and 70 Manitowish, Michigan families were driven from their homes. The river still was rising there early today.

B. & O. EMPLOYEES TO OPEN STORE

A Co-operative Society Is Formed With Members of Federated Craft in Local Shops as Stockholders.

The B. & O. federated crafts, at a meeting Monday evening, completed plans to open a co-operative store here in the city.

About 250 members are now interested and will buy shares. There will be no limit as to the number of shares, and outsiders can also take advantage of the sale of stock by applying through the secretary of the federation.

However, members will be supplied first. A dividend will be declared every three months.

The committee in charge will secure a location in East Newark, if possible, and a store carrying a full line of groceries for sale to the public will be in operation in two weeks.

The organization will be known as the B. & O. Federated Co-operative society. Pennsylvania employees at Mount Vernon have a similar store which has been in operation several months.

DELAWARE VOTE AGAIN DELAYED

Both Houses of Legislature Will Report Suffrage Bill Without Recommendation—Both Sides Claim Victory.

Dover, Del., March 30.—Republican leaders in the lower house of the Delaware legislature planned to report from committee today, without recommendation, the woman suffrage ratification resolution which was introduced in the house last week. It is also planned to report a similar resolution from the senate.

A vote is not expected in either house before tomorrow and the roll call on the resolution might be further delayed.

While every influence is being brought to bear on the legislators, one way or another, there is no apparent change in the situation when the two houses meet tomorrow.

KENTUCKY GOVERNOR SIGNS SUFFRAGE BILL

Frankfort, Ky., March 30.—Suffrage for women of Kentucky in the next presidential election apparently is assured by the signature yesterday of Governor Morrow to the measure passed by the legislature granting women the right to vote for presidential electors.

Action of the governor was withheld until the last allotted time, it was said, and the signing of the bill would ratify the constitutional amendment and thus give the general ballot to women throughout the country. The legislature still provides for a separate ballot.

The governor's secretary said the bill would have been signed as announced in the event of ratification of the federal amendment which would make a national suffrage operative.

Albany, N. Y., March 30.—Warning that Republican women who are members of the New York State League of Women Voters will go on strike on election day or go into other parties if the state legislature does not act favorably on a suffrage bill is contained in a letter sent by the league today to Will H. Hays, chairman of the Republican national committee.

Times (N. Y.), Pa., March 30.—An east-bound passenger train on the Buffalo, Rochester and Pittsburgh railway, which left here at 7 o'clock today, is reported to have been derailed at Saratoga. All cars were said to have left the rails and a large number of persons were injured.

SEEK TO PREVENT RETURN TO POWER OF MILITARISTS

Workmen in Ruhr Valley Not Organizing Communist Government.

PRESENCE OF TROOPS IN DISTRICT IS OPPOSED

Would Put Stop to Production of Coal, Leaders Declare.

Paris, March 30.—Information received by the foreign office today from both French and English sources is in agreement that no real communist movement exists in the Ruhr valley.

The prime demand of the working men, it is declared, is a guarantee against the return of militarism, which is exactly what the French government demands, a foreign official said.

The occupation of the district by German regulars in force, it is held, would run exactly counter to that end and would be likely to put a stop end to the coal shipments to France from the production of the Ruhr region under the peace treaty.

No further representations have been made by France in this connection as far as can be learned, but a revision of the question is considered not unlikely by President Wilson, communication stating that he had objection to German regulars entering the Ruhr valley.

There were indications today that the French authorities had not yet given up the idea of the eventual occupation of the Ruhr district by the allies.

WILL NOT SEND MORE TROOPS THAN ALLOWED

Paris, March 30.—Assurances have been given by the German government that it will not send into the Ruhr valley more regular troops than are allowed by the terms of the Versailles armistice. A German delegation called on Premier Millerand late last night, told him the German government would not exceed the number allowed and declared no more troops would be sent there without authorization from the allies.

Receiving members of the French press last evening, M. Millerand declared if the Germans violated the terms of the treaty by sending a strong armed force into the Ruhr district, France would occupy the Ruhr zone whether the allies agreed or not.

ACCEPT OFFER WITH CERTAIN RESERVATIONS

Essen, March 29.—All stipulations of the Berlin government relative to a cessation of fighting and maintenance of order in the Ruhr have been accepted with one exception. The central committee in charge of anti-government operations here, according to a communication sent to Berlin tonight, Exception was taken to the fourth condition regarding the order of arms and ammunition. The government was informed that this condition would be accepted if construed in accordance with the Riedel agreement with the understanding that that agreement will be fulfilled.

The government in sending its ultimatum to communists in the Ruhr district, stipulated its conditions must be accepted by tomorrow.

TOWN CLOCK NOW KEEPS NEW TIME

Prosecuting Attorney Flory Advises Commissioners That Change Can Be Made Legally.

The county commissioners authorized the turning of the court house clock last night to show the new time. The clock the hands were not turned until 9:30 this morning.

A consultation was held in the court house last night and he gave the commissioners a written statement that the move was perfectly legal.

The commissioners made the change as soon as the legality of it was determined, to satisfy the public clamor.

SMYRNA AWARDED TO GREECE BY COUNCIL

Paris, March 30.—Havass—Smyrna and the hinterland along that section of the Turkish coast have been awarded to Greece by the council of ambassadors according to the Matin.

WANT MONEYS TO ACT

Youngstown, March 30.—City Clerk M. F. Hyland, at the direction of the city council, is today preparing a communication to Governor Cox asking him to call a special session of the legislature to investigate and act upon alleged rent profiteering in this city.

Director of Office of National Labor Relations of W. H. Hays, Employer and Laborer's League of America, has been notified that organization is suspended by the American Federation of Labor for refusal to relinquish control over certain members.

Times (N. Y.), Pa., March 30.—An east-bound passenger train on the Buffalo, Rochester and Pittsburgh railway, which left here at 7 o'clock today, is reported to have been derailed at Saratoga. All cars were said to have left the rails and a large number of persons were injured.

"Be a Newark BOOSTER Buy aHorn"

INTRODUCING HALLADAY

The Halladay Motors Corporation company since it was decided to locate in Newark, and is building a large factory in East Newark, believes that it has a place in the community. The officials are anxious to "do their bit" toward the up-building of Newark. While the officers of the Halladay company believe that the cars will be an advertisement for the city, in a world market, yet there are other "places" to fill in the community. One of these mighty factors in a community is the Chamber of Commerce—it is the voice of the community and the reflector of the City's Enterprise, Prosperity and Ambitions.

Now the Halladay Motors Corporation company wishes to talk about itself. Much has been said pro and con about Halladay; some talk with a knowledge of the company; others know but little of the history, hopes, aims and policy of the company. It will be the purpose of this series of advertisements to acquaint Newark with Halladay.

THESE ADS WILL APPEAR SUCCESSIVELY FOR THIRTY DAYS. PURPOSE OF ADS.

The officers of the Halladay Motors Corporation company believe that they have an estimable product, a capable management and finally a sincere desire to build a large, worth while industry in Newark, not only for gain, but also to take a place in the community. This aim can more properly be realized by the co-operation of Newark and Licking county residents, since the directors of the company and the employees are to be selected from this source.

The Halladay Motors Corporation company realizes that to secure the co-operation of the residents of Newark and Licking county, these residents must understand the purposes of the company—must understand the project. Hence this series of advertisements.

OF INTEREST TO YOU.

The following people will undoubtedly be interested in this series:

1. Those who desire the steadfast growth of the city.
2. Those who are interested in their community.
3. Those who wish to become identified with Halladay either as an employee or stockholder.

The second Halladay advertisement will appear in Wednesday's issue of this newspaper. It will contain a frank sketch of Halladay history.

Undoubtedly a number of Newark residents are interested in the aims, and policies of Halladay. People ask "How many cars will be produced?" "How many will be employed?" "How is the distribution secured?" and "What is Halladay's place in the community?" By filling out the coupon below the explanation will be forthcoming.

COUPON

The Halladay Motors Corporation Company, 610 Trust Building, Newark, Ohio.

KIWANIS CLUB ENJOYS DINNER

New Members Seated In High Chairs With Bottles and Bibs—Wives Are Guests.

The Kiwanis club was pleasantly surprised at its monthly dinner last evening. The program was in charge of a committee of newer members, who arranged to have the wives present. When the members of the club entered the banquet room of the Masonic Temple they found their wives and escorts calmly seated at the table with places reserved by their side.

The baby members of the club were treated accordingly. They were seated at a special table with high chairs, bibs, bottles, etc.

Rev. Benjamin R. Weld, chairman of the committee, had as speaker, Rev. George Bohon Schmitt, who urged that this week be devoted to contemplating the works of Christ. E. D. Leach, manager of the Newark Chamber of Commerce, who explained that an investment of \$17,500 in the Chamber of Commerce had brought over \$21,000 on the tax duplicate yearly. Commander Cumming, U. S. Navy, who "sold" the navy to parents. The latter speaker urged parents to consider the navy when considering a life career for their sons. The final feature of the program was movies of the navy, given by George M. Fenberg.

HOLY WEEK SERVICES AT BLESSED SACRAMENT

Holy Week services being observed this week in the Church of the Blessed Sacrament are very impressive. The week opened with Palm Sunday and the palm was blessed and distributed. The mass was celebrated at 8 o'clock. On Palm Sunday, and on Tuesday, Wednesday and Good Friday, the Passion is solemnly read from each of the four gospels in turn.

Holy Thursday the feast of the institution of the Blessed Sacrament, high mass will be celebrated at 8 o'clock (central time) and will be followed by a procession of children and the pastor Rev. Father Waterson who will bear the Blessed Sacrament from the altar to the Repository where it will be in exposition until the following morning.

Thursday evening services will be at 7:30 and on Good Friday morning at 8 o'clock. The stations of the Cross will be read in the afternoon at 3 o'clock and in the evening at 7:30.

On Saturday morning following the closing of the Easter week, and the lighting of the Paschal Candle the mass will start at 8:30 (central time).

SUES TWO FOR \$10,000 EACH

Hartford Township Case Is Followed By Action For Damages, Charge of Slander Being Made.

Jefferson D. Trout through his attorney filed suits for slander against Charles Hatfield and Don Buxton for \$10,000 each in common pleas court this afternoon.

The charge is the same in each case, that of naming Trout in a paternity action brought on behalf of Luella Henry of Hartford township. In hastily proceedings the Henry girl, who is under 15, charged William Mahaffey with being responsible. The two defendants separately and in public said that Trout was guilty and was using Mahaffey as a screen for himself and that he was trying to lay the charge on Mahaffey. Damages of two counts of \$5,000 each are asked of Charles Hatfield and one of \$10,000 against Don Buxton.

B. G. Smythe is the attorney for Trout.

MODERN EVE GOES BACK TO GARDEN

It is clear the girl with the hoe produces smiles as well as egg plants. This was what the Y. W. C. A. found when it sent out its S. O. S. call for a response to Government demands for increased production of food supplies. Cheerfully and eagerly college girls and debutantes exchanged their frocks for blue jeans, and their tennis rackets for golf clubs. The Y. W. C. A. and the many local "garden" clubs are now the scene of the farmerette dropped her hoe and daffodil. Here she is busy for service the still. Here she and the other volunteer workers who are now jobs may be taken up at the National Convention of the Young Women's Christian Association of America, to be held in Cleveland the week of the 10th of April.

AN EXCEPTION TO OLD ADAGE WAS BLESSING

Woman Decided to Take Other Peoples Advice and Is Greatly Benefited by Trutona.

Springfield, O., March 29.—Mrs. Albert J. Hunter, wife of A. J. Hunter, who is connected with the Western Mutual Life Insurance company here, and resides at 319 Cedar street, decided to try Trutona because so many other people spoke so highly of the new medicine. The remarkable benefits she gained from its use are explained in her interesting statement which is as follows:

"My general system became run down by continued suffering from stomach and nervous troubles. My appetite was very poor and what little food I would eat didn't seem to digest as it should, which caused me to lose weight and feel tired and worn out during the day, as restless nights were not unusual things for me. I'm not positive but it seemed to me I was losing in both weight and strength."

"I had heard Trutona spoken of so highly by so many people that I decided to try it, and I can truthfully say that I am very glad that I made that decision. I feel so much better now. I can eat hearty meals these days and they are properly digested, too. I'm not so nervous now and I feel as though I'm gaining both my weight and strength back again. I think Trutona is a splendid medicine and I'm glad to recommend it."

Trutona is now being introduced and explained in Newark at W. A. Erman's Drug Store.

ELLSWORTH SMITH SAYS NERVILAX IS A GOOD MEDICINE

Well Known Lumber Dealer Is Pleased With Excellent Medicine.

Ellsworth Smith, well known lumber dealer residing at the Newark, Ohio, Y. M. C. A., is a booster for Nervilax and says it is a good medicine. After trying all other remedies he was induced to purchase a bottle of Nervilax and is highly pleased with the excellent results obtained.

In a letter to the manufacturers of Nervilax, Mr. Smith sends the following:

"For many years I have been a sufferer from stomach, liver, kidney and bowel trouble and have taken almost every ind of medicine without results. I suffered from headache, constipation, as on my stomach, indigestion, was nervous and could not sleep at night. After being told of Nervilax I purchased a bottle and am highly pleased with the results. I think Nervilax is a good medicine and I expect to continue the treatment."

(Signed) ELLSWORTH SMITH,
Care Y. M. C. A., Newark, Ohio.

Nervilax is an excellent medicine for the kidneys, stomach, liver and bowels, and acts directly on these organs. It is not a new medicine, but has been on the market for the past three-quarters of a century. It is purely an herbal remedy and contains no opiates. Nervilax is on sale at the R. W. Smith Pharmacy, Newark, Ohio.

THE BEST KIDNEY REMEDY ON EARTH

Husband Suffered 15 Years, Swollen Limbs and Feet. Tells About It Below.

"How easily one may strengthen and tone up their system until nature can throw off such troubles even after years of torment is told below by a Columbus lady whose statement may be easily verified by the skeptical. Mrs. Margaret Linlman, 129 N. Princeton Ave., said:

"My husband has been troubled with kidney trouble for fifteen years. He became so bad he had to give up work not long ago, but since taking this grand medicine called Earle's Hypo-Cod he has gone back to work and I'll tell you about it," she declared.

"His kidneys were very weak, and forced him to get up often at night. His limbs and feet would become swollen and he could hardly walk at times. He wouldn't rest good nights and had finally become all rundown. His appetite was poor and even what he did eat would form gas and cause him discomfort. He was so weak and nervous in spite of all the medicines he took for years that finally he gave up work, but since taking Earle's Hypo-Cod he is better in every way and back to work. He has a good appetite and nothing disagrees with his stomach at all. His kidneys are so much stronger he never gets up nights and sleeps just fine. The swelling in his limbs disappeared and it really did such marvelous things for him I started to take it as a tonic and for catarrhal trouble I had in my throat and it relieved me, too, so I can't praise it enough," continued Mrs. Linlman, whose husband is with the American Railway Express Co., Columbus.

Those troubled with similar complaints will find that Earle's Hypo-Cod might soon build up their strength. Throws off such troubles and puts you back on your feet in robust health, according to thousands who likewise endorse Earle's Hypo-Cod. Go down to the drug store tonight and get a bottle. Earle's Hypo-Cod is sold here by all good druggists and the leading druggists in all nearby towns. Prices \$1.25 plus 5c war tax.

The total strength of the army at home and abroad on Armistice day (November 11, 1918) was 188,434 officers and 2,432,454 enlisted men.

AIR SERVICE IS OPEN NOW FOR ENLISTMENTS

Sergeant Barlow, in charge of the local recruiting station has received instructions from the war department to enlist men for the air service. Enlistments are open for either one or three years. High school graduates will be accepted for one or three years, regardless of special trade qualifications.

All others applying for enlistment must have a statement from a commanding officer of an air service station, or properly constituted trade test board to the effect that in his opinion, the applicant is technically qualified for such enlistment. Men will be accepted for re-enlistment when the applicant possesses any one of the following trade qualifications, fabric and cordage workers, instrument repairers, engine mechanics, riggers, gas men, airplane mechanics, electricians, machinists, auto repairmen.

Further information can be secured by calling at or writing to army recruiting station, post office building, Newark.

Sergeant Barlow states that many men in and around Newark have been asking for the air service, and motor transport corps. Both of these much coveted branches are now open, and he would like to hear from the boys who have said "One of these or nothing."

SOLDIER MUSICIANS TO GIVE PROGRAM

Sergeant John M. Barlow of the army recruiting office in Newark, is looking forward with interest to the meeting he has scheduled for Wednesday evening at 7:30 in the Y. M. C. A. hall. This meeting will have as its attractions a military orchestra, a soldier pianist, the singing of popular songs by the assembly, a talk on the educational program of the army, by Chaplain Knowles, and other features which will be appreciated by the men who attend. Chaplain Knowles of the Seventh cavalry, is a man of pleasing personality and will make friends with his audience in short order. The Seventh is the regiment of General Custer, who made such a gallant stand against the hordes of Indians on the western plains, years ago. This regiment belongs to Ohio, and is quartered in the South-west.

WASHINGTON MAN TO ADDRESS MEETING

Thomas W. Hay, who was to speak at the membership campaign dinner of the Chamber of Commerce on Monday, April 5, will not be able to be present.

A letter has been received stating that he had numerous engagements and that he had been endeavoring to interchange them so as to be at Newark, but that it was impossible. Mr. Hay is secretary of the Eastern, Pa., Board of Trade and he spoke here last year, making a lasting impression.

In his stead, Calvin Brown of the National Chamber of Commerce at Washington, D. C., will deliver the address.

GIRLS DENY STORY OF STRIKE IN LOCAL PLANT

Girls employed at the Hercules Clothing company's plant in West Main street have registered a protest against the statement made by Blanche Wright to the effect that a number of the girls struck in sympathy with her because she was discharged. The girls declare that only four of the number left with Miss Wright and that two of these were back at work this morning. The girls declare there is no strike at the factory.

FOREIGN EXCHANGE DROPS IN WALL ST.

New York, March 30.—Foreign exchange rates were substantially lower at the opening of the market here today. Demand sterling opened at \$3.85 1/4 or 3 1/2 cents below yesterday's figure. Franc checks were quoted at the rate of 14.87 for the American dollar, off 37 centimes, and lire checks at the rate of 20.55, off 41 centimes. The Canadian dollar was quoted at 91.75 cents and German marks sold for 1.34 cents each.

BUSINESS MEN ARE ENDORING CAMPAIGN

Newark businessmen are endorsing the membership campaign of the Chamber of Commerce and in doing so are commenting favorably on the work accomplished by the Chamber this year.

Relative to renewing his subscription T. M. Edmonson said "I am very much pleased with what has been and is being accomplished."

MAINE DEMOCRATS MEET.

OPTOMETRY— ITS VALUE TO THE PUBLIC. By O. P. COOK.

TALK THIRTEEN.
One of the greatest changes that has taken place in Optometry in recent years is the constantly growing recognition of the value of the Optometrist's SERVICES.

By that is meant his ability to determine exactly the character and extent of any given error of vision, and the correct method of overcoming it.

More and more people are coming to realize that they do not visit an Optometrist to purchase a pair of glasses, but to have their defects of vision corrected.

And while the glasses which the Optometrist supplies overcome the defects, still the determining WHAT GLASSES WILL DO THIS must be considered the chief benefit which the Optometrist renders his patients. And this duty is characterized as service.

DIAGNOSIS AND REMEDY.

In his first address following the launching of his campaign on a nationwide basis, Governor Cox told members of the Iroquois club at Chicago that the defeat of the peace treaty was due to a senatorial partisan conspiracy. He cited the bad faith exhibited in the Senate early in the controversy, when before the president returned with the treaty, a coterie of senators had received it from German hands and published it in America.

This, he charged, shows that the fight against the League of Nations was begun without patriotic impulse.

The governor pointed out the necessity of wiping away the things that came with the war, of junking the most of our institutions devoted to war and scaling governmental machinery down to the very point of necessity and efficiency.

Removal of the excess profits taxes, which he said contributed greatly to the high cost of living, and in their place impose a small tax volume of business, he suggested.

Abolishment of the federal inheritance tax was demanded on the ground that the state performs the service rendered and is therefore entitled to receive the fee.

Governor Cox deprecated the hysteria over so-called Bolshevism and cautioned against running to any extreme. "The policy of the government must not become vindictive. There must be no compromise with treason, and government must be firm, yet judicial and uninfluenced by emotionalism that breeds extremes. The least government we have, consistent with the safety of life and property, the better for both happiness and morals."

This address, undoubtedly the key-note of the governor's national campaign, is attracting national attention. It is not a mass of vague generalities but a practical diagnosis of the nation's ills and a clear, frank and manly statement as to solution.

It is refreshing after reading so many tirades, noisy complaints and criticism that is anything but constructive, to find a man, under consideration for the highest office in the land, who has the courage to discuss the problems of the day in a practical way and point the path to practical, simple solution. We are sure the nation will approve.

OHIO SLUSH FUND.

Chairman George Clark of the Republican state advisory committee is making a tour of the 58 counties of Ohio, holding meetings and collecting money for the jackpot which is to be used in the coming campaign.

In most of the counties banquets are held with no thought given to the expense incurred. The faithful are stirred by oratory and are told to donate. Select committees are appointed and business interests are approached. These interests are told that the very safety of their business depends upon the size of their contribution. Thus an enormous total is being raised, many times more than may be lawfully used in a campaign.

If a meeting or a banquet has been held here the fact is not generally known, but it is known that some of the leaders have been invited to contribute and the sum demanded from them.

Licking county is of no mean proportions.

In view of recent occurrences in the adjoining state of Michigan, it may be well for those interested to proceed rather carefully. Let's have no Newberry case in Ohio.

TWIN ENIGMAS.

(Cleveland Plain Dealer.)
William J. Bryan has left his winter home in Florida for a political speaking tour of seven states. What he has in mind touching the San Francisco nomination leaders of his party would be willing to pay a fortune to learn.

Mr. Bryan is one of the twin enigmas in the Democratic party. Herbert C. Hoover is the other.
Does Mr. Bryan want the San Francisco nomination? If so, does he propose to fight for it, or is his attitude merely receptive? If he does not wish the nomination himself, has he a candidate for whom he is willing to fight in the convention as he fought for Woodrow Wilson eight years ago? Again, if he desires the nomination neither for himself nor for anyone else in particular, does he propose to use his influence negatively, to defeat some one of the candidates now prominently mentioned for ticket leadership?

Searching questions, these. Only the Nebraska man himself can assure them. And he keeps his own counsel.
Unquestionably, there is a considerable element of popular strength left to the man who has been thrice defeated for the presidency. He never lacks for a respectful hearing. In one capacity or another he will certainly be at the San Francisco convention. To put the fact conservatively any candidate actively opposed by Bryan will find it extremely difficult to win the two-third vote of the delegates necessary for a nomination.

So far, the only indication Mr. Bryan has given of his attitude toward a possible nomination for himself is contained in the recent statement that he will become a candidate if his selection is "actually demanded." At the same time he has indicated none of the others mentioned—if one excepts his approval of Gov. Sprout as the Republican nominee. His endorsement of Sprout is significant, in a way, even admitting its presumption.

Obviously, the Democrat who will appeal to Bryan as a presidential candidate must be of the general Sprout type; that is, he must exhibit support prohibition and be what is described loosely as a progressive. This rules out several Democrats already in the race. If the Bryan dictum is accepted, in the opinion of some, at least, it clears the field of every possibility save one. The one is William J. Bryan.

This is the situation as Mr. Bryan leaves his winter home for a tour of seven states. By the time the seventh state is toured and his speeches are digested one may have a better idea as to what is going on beneath the shiny dome of the gentleman from Lincoln.

COLBY ASKS FOR PUBLICITY.

(Ohio State Journal.)

Bainbridge Colby has asked the foreign relations committee of the Senate to make public all facts developed at the hearings held in secret while his appointment was under consideration by the committee, after President Wilson had nominated him for secretary of state. The names of men who gave testimony at these hearings have not been made public, nor has anything been announced relative to what they stated.

Mr. Colby is unwilling to rest under the imputation these secret hearings would suggest. He has estimated the public would assume something derogatory from the proceedings and what he developed he has asked to be made known to the public. There would seem to be no good reason why the committee should not comply with the request. It is all right for the committee to make such investigations as it deems proper, but it would be manifestly unfair to ask anyone to rest under an unjust imputation. Evidently Mr. Colby has no fear of the facts.

They're All That Way.
A lot of henpecked men I know.
You'll meet them as you roam;
But, my, how they strut round and crow
When they're away from home.
—Luke McLuke.
And some browbeaten wives, they say,
Try loyally to lull
Suspicion by pretending they
Love men who're masterful.

Did You Know
That the word merry in its earlier

significance meant agreeable or pleasant? Merry England and the merry month of May are surviving instances of this use of the word.

Woman's Extravagance.
She bought a hat, I do declare.
The size was just immense;
Her husband said he could not bear
The overhead expense.
—Youngstown Telegraph.
She bought a pair of fancy shoes
They had the latest frills,
Her husband said, "I'm bound to lose
I'll have to foot the bills."
—Painesville Telegraph-Republican.
She bought an eighteen-dollar veil,
She wore it with much pride,
Her husband fumed, "I'm not surprised
You want to hide your face."
—Yonkers Statesman.
She bought a hundred dollar suit,
The skirt was almost nil,
And then her husband said the brute,
"Why not just wear a frill?"

And Still They Come!
I shall just list a few bachelors yet in store.
And the first that I'll mention will be Jimmy Gore;
I know they slip by you and seem hard to hook,
But bait up again, try your luck with Phil Brooker;
In case you should find him somewhat cross and sullen,
Then never say die, but go after John Cullen;
Clyde Coggins I think you must ask very soon.
He seems bent upon taking a nice honeymoon;
And although Alva Wilson appears fancy free,
He mourns every day, "No one yet has asked me."
Now with Carroll Phelan you'd be happy, I guess,
If you could but jolly him up to say "yes."
Why not see Mr. Powell, the second-hand man?
He's as good as new and should head the van.
Walter Holman, perhaps, in your sweet smile, smiles up at you,
He is waiting and hoping that him you will ask.
The Fitzpatrick boys on Webb street are in fear
That they'll not be able to weather this year.
If these bachelors refuse you the first time, ask twice.
And just keep on asking till you land Dicky Sprice.
Harvey Henderson's still waiting out in the cold.
In the hope that to him the sweet story'll be told.
Having offered all others your heart and your hand,
Do not be discouraged but go after Cliff Eland.
And when scanning your list of the bachelors still free,
Go and brace up to Wilson and Charles Hartup.
A last name I'll give you and that is Clem Hollar.
Here's luck to you hoping that him you will collar.
—Miss Styler Nothyn.
Reversed.
I'll fix things so that none will shirk
Their toil in this great nation;
Let's make each year two weeks of work,
And fifty weeks vacation.
—Luke McLuke.
This motion doth evoke my praise,
But I beg to amend it,
By leaving off just thirteen days,
Then surely I'd commend it.

Why need you work that single day
To get a daily living?
Some find it easy to take pay
For time others are giving.

Married Strangers

A powerful story dealing with a problem being worked out in thousands of American homes to-day—that of the husband and wife who find they grow apart while the man goes off to war.

CX.—A Resolute Spirit.

In answer to her light tap, the little missionary called a cheery:
"Come in."
Keitha entered and stopped astonished.
Ghastly pale but completely dressed, hatted, and veiled, Miss Caldwell sat on the side of her berth, smiling demurely.
"Oh, my dear, are you better? Should you be up?" queried Keitha anxiously.
Miss Caldwell's smile became more fixed, but she answered staunchly:
"If I wasn't an old fool I'd have been up all along."
A gentle roll of the ship brought an unearthly pallor to the little missionary's bloodless face, but she was game and though she closed her eyes for a moment she remained sitting courageously upright.
"I have decided," she began when the trying moment had passed, "that sickness is all nonsense. Of course, everything has been telling me that for years, but they were all people who had never been sick themselves, and naturally do not pay much attention to disgusting health assurances. But as I laid here in this stuffy state-room and thought of the great blue outdoors and the Pacific, I love it, God bless it, in spite of all it does to my tummy, I said to myself 'Martha Caldwell, you're the biggest hypocrite alive! Here you preach the triumph of the spirit over the body to a lot of poor trusting seafarers and at the first opportunity you try to lie to your low, funny, never thought of it before, body!'"

Keitha was laughing in spite of herself. The little missionary made such a pathetically ludicrous picture sitting fully dressed on the edge of her berth, her head, gesticulating with her hand which was not occupied in holding her upright, earnestness with large open white face.

"I'm glad you thought of it this time, so we can see more of you," Keitha replied warmly. "Let me help you in bed. It is deliciously warm and you'll feel enormously better once you're out in the air."
"I said a long way to the doctor," inquired the little woman, pathetically.
"I can remember I seem an eternity since the day we sailed," said Keitha, "only a few steps," comforted Keitha. "Let me call Captain Benn to assist you."
"Copy," Warner suggested.
Miss Caldwell's "Ho-ron!" mind eving an old woman's tongue found its need every time the ship gives a lurch."

DO YOU REMEMBER?

When F. W. Tipton & Co., were prominent dry goods dealers here?
When the Kirby military store was located in the Union block?
When F. Collins & Company, opticians, over the Sturdevant jewelry store?
When W. P. Stimmel had a fish and fruit store in West Main street?
When the Larus-Nicholson company was located at 45 North Third street?
When Mrs. H. M. Rowers' military store was located next to the postoffice?
When the village of Kirkersville had a \$25,000 fire on March 28, 1907?
When Roseberry & Hennberg had a furniture store where Roseberry Brothers are now located?

Suffered Torture
From Rheumatism
Finds Quick Relief
Foreman of Heath Oil Plant Pays High Tribute to Redex
—the New Herbal Remedy.

Mr. R. M. McGinnis, Foreman of the new Heath Oil Plant, living at 100 DeCraw avenue, Newark, is very enthusiastic over his experience with Redex. He says: "Redex has proven to be a splendid medicine in my case. Until about five days ago I did not know what a night's rest was. I suffered all kinds of torture with rheumatic pains across my back. It was utterly impossible for me to lie in bed and night after night I would have to get up and walk around the room. I was in this condition for weeks and my strength was almost exhausted. It was about the worst case of pain and sickness I have ever been through. I started taking Redex about 10 days ago and it worked on me like a charm from the very start. It was only two or three days after I started taking it that I was able to sleep all through the night without any pain or suffering. Of course, I am getting my strength back and feel like a different man. I cannot express my gratitude for what Redex has done for me."

Redex is being specially introduced at Erman's Arcade Drug store, Newark, by the Redex expert, who explains the action and uses to many callers daily.

Redex can also be obtained at Evans' Drug store, Mykranitz, and all leading drug stores in Newark. It can be had in Granville at Ulman's Drug store, Alexandria, C. M. Gilmore's, Hebron, Hebron Drug store, Richardson's Drug store, Ohio, Ohio, Adv.

NEWARK MAN HELPS AD MILLIONS OF DOLLARS TO VALUE OF FARMERS

F. H. Ballou, Orchard Specialist, Shows Ohio Farmers That Scientific Methods Can Make Even Small Farm Orchard a Profitable Side Line.

Not since the days of Johnny Apple seed—the eccentric pioneer fruit man who crossed the Ohio river in 1790 with a sack of apple seeds on his back—has there been the interest in fruit growing that has followed recent demonstration at the Ohio experiment station at Wooster. Two horticulturists there: F. H.

Ballou of Newark, and I. P. Lewis of Trenton, have accomplished results which future generations may consider equally as important as the seed scattering of the immortal Johnny Appleseed.

The latter started the apple growing industry in the Buckeye state. Ballou and Lewis have preserved it and revived it at a time when it was rapidly disappearing. Because of their efforts, Ohio stands to regain its lost laurels in apple growing; in fact, it has regained the position it held in the early '80's in apple production and has demonstrated that Ohio apples are as good and cheaper than the western product.

What these two men have accomplished by scientific methods are these: Old run-down apple orchards that were lost have been rejuvenated and are producing highest grade apples.

Millions of dollars have been added to the incomes of Ohio farmers. The value of farm lands has been vastly increased by the improvement of their orchards.

The supply of apples has been increased and as the increase continues the price will be determined by home-grown and not western apples.

What has been done to produce such results is simply this: Fertilize the soil of orchards with a formula consisting of equal parts of nitrate of soda and acid phosphate. How it was discovered that this would solve the problem is another story and a very interesting one indeed.

Back in the '90's vast orchard areas in southern and southeastern Ohio became unprofitable because of serious outbreaks of fungous disease and insects. Even after these were controlled by spraying methods, the orchards did not pay. Thousands of trees were cut down to make room for farm crops. Orchards were offered for sale at a pittance. One for instance, which was sold a few days ago, after Ballou's methods had made it profitable, for \$25,000 was offered for sale in 1916 for \$1600, but no one would buy it. The new owner has since refused \$32,000 for it.

While doing some tree work in a southern Ohio orchard Mr. Ballou noticed that a strip of trees in this orchard yielded more fruit than any other row of trees. The foliage of these trees was darker and more luxuriant. In questioning the owner of the land, he found that the row of trees was located on a strip of ground exceptionally fertile. The trees were receiving their strength from old fence rows which had been plowed up.

With this cue, Mr. Ballou began experiments to learn what particular commercial fertilizers would revive the apple industry. He found that the old fence rows was furnishing nitrogen for the trees growing there. Why not try nitrate of soda, a product of Chile, he asked himself. He did and it was a success. Then he decided that some acid phosphate added to the soda would stimulate the growth of closer and grassier, which were needed badly to provide a mulch and prevent the orchards from gullying during freshets.

His efforts were laughed at. He was dubbed a "farmer scientist." One of his critics was a farmer who had already cut down three-fourths of his orchard and was about to cut down the other quarter if he had had the time. Recently he sold the quarter for \$26,000 thanks to the "farmer scientist."

Ballou's first big test was an orchard acre of 40 trees which produced 1430 bushels of Rome Beauty apples. These were sold in the eastern market at a price equal to that of Oregon and Washington apples. The acre netted the owner \$2500. Up to this time orchardists were saying that it was necessary to go to the Pacific coast to raise apples. A carload of newly-fertilized product upon reaching Cleveland also sent commission men into hysterics. They thought that nothing good could come from the wilderness of brambles and wild orchard growth of southern and southeastern Ohio.

The excellent work from this scientific experiment caused a great demand for demonstration work of this kind, so I. P. Lewis, a graduate of Ohio State university, college of agriculture, was employed to assist Mr. Ballou. At present orchards are maintained on eight different experiment farms and a half dozen leased orchards.

The community effect of rejuvenation work in southern Ohio is shown in the case of the little town of Vincent in Washington county. Recently 25,000 bushels of apples were shipped from there in a single season.

At the end opposite the hole, paste a postcard or other picture that will give the effect of distance, such as one that looks down upon a street or a scene across a field or hills. Also cover the sides of the box with cut pictures that show distant scenes.

Then cut out small figures of all kinds, children, animals, automobiles or anything that you like. Leave a small flap of paper at the bottom of the pictures when you cut them out so as to make a sill for them to stand on. Now paste them in the rug, arranging them so all can be seen. Over the top of the box paste a sheet of white tissue paper and then hold the box so a good light will fall on the paper. You will be surprised to see what a wonderful landscape is revealed through the hole in the end of the box.

Largest of Ocean Denizens.

There are plenty of monsters in the sea, though none equal in size the largest of the whalebone whales. The largest of such creatures are something like 90 feet in length. If there are larger specimens they have been remarkably successful in eluding accurate measurement. In order to find sufficient food such gigantic creatures must be content with a humble diet. Hence they have developed their whalebone—a substance in which no imitation can compete in the manufacture of high-grade whip handles and corset stays—for the purpose of straining an abundance of small fishes or other animals from the sea water.

Once You Try Mazola You Will Never Go Back to Lard or Butter for Cooking—or Olive Oil for Dressings

Deep Frying No fat excels Mazola for deep frying. It is far better and a great deal more economical than lard or compounds. Mazola is 100% pure vegetable fat. It contains no moisture. Butter and Lard contain moisture. The same lot of Mazola can be used over and over again—even after frying fish and onions. Merely straining makes it perfectly fresh for use as a shortening. It carries no odors or flavors from the foods cooked in it and does not smoke up your kitchen.

Shortening The purity and richness of Mazola best demonstrates itself in the fact that 1/4 to 1/2 less Mazola is required than that of butter or lard. This means that your cakes and pie crust will not only be light, rich and easily digested but will cost you less to prepare. Being an oil, the tiresome "creaming-in process" is eliminated. Mazola is always ready for instant use.

Salad Dressings Thousands of Italians, who certainly know olive oil, use Mazola. Not only because it costs about half that of the best olive oil, but because of its richness, quality and purity. For French Dressing, Mazola blends readily—and mayonnaise made with Mazola will keep for weeks without separating.

Important to Housewives One of the most severe comparative tests ever used on a cooking fat gives unqualified FIRST HONORS to Mazola. Understand the remarkable economy and high quality of Mazola by these figures—

| FRENCH FRIED POTATOES | | | |
|-----------------------|-------|------------------|---|
| 2 lbs. of Mazola | fried | 26 lbs. Potatoes | |
| 2 lbs. of Lard | " | 8 " | " |
| 2 lbs. of Compound | " | 11 1/2 " | " |

Note: Mazola goes over three times as far as lard; is twice as economical as compound.

| FISH | | | |
|--------------------|-------|--------------|---|
| 2 lbs. of Mazola | fried | 25 lbs. Fish | |
| 2 lbs. of Lard | " | 15 " | " |
| 2 lbs. of Compound | " | 20 " | " |

Note: Compare the figures yourself. Even with frying fish Mazola does not smoke up your kitchen.

| DOUGHNUTS | | | |
|--------------------|-------|---------------|---|
| 2 lbs. of Mazola | fried | 216 Doughnuts | |
| 2 lbs. of Lard | " | 144 " | " |
| 2 lbs. of Compound | " | 168 " | " |

Note: All doughnuts were the same size. Mazola - made doughnuts are more easily digested.

P. S. Reasons for these remarkable figures are explained in column to the left. Read it.

LESSONS IN OPTOMETRY

Question: Is an Optometrist considered a Specialist?
Answer: He is in so far as the correction of the errors of vision are concerned. Question: Then he does not attempt to deal with the diseases of the eye?
Answer: No, he is prepared to recognize them only. An Optometrist deals largely with the mistakes which nature made in building the eye. Few eyes are normal because few are perfect in size and shape and the Optometrist by measuring the defect, with instruments, is able to overcome it by placing the proper lenses before the eyes of his patients.

Question: Is there a condition of the eyes that affects everyone who reaches middle life?
Answer: Yes, it is called presbyopia and it is caused by a gradual loss of the focusing power of the eyes.

Question: Do glasses correct presbyopia?
Answer: Yes, by supplying the focusing power that the eyes have lost, glasses produce normal sight as nearly as it can be done for those who are presbyopic.

TRACE MEXICAN RACE TO CHINA

Recent Discoveries Bear Out Tradition That Chinese Once Peopled Country.

MAY SOLVE ANCIENT PUZZLE

Hieroglyphics Found on Foundation Stones of Pyramids at San Juan Teotihuacan Indicate Primitive Migration From Orient.

Mexico City.—Hieroglyphics recently discovered on the foundation stones of the pyramids of San Juan Teotihuacan, 27 miles northeast of Mexico City, may solve the problem which has perplexed historians and archeologists for centuries as to the true origin of the Mexican nation. These strange carvings are said by some authorities to be Chinese, thus tending to bear out the old tradition that in the dim past wandering tribes from China crossed to the new continent, settled within the present boundaries of Mexico and became the progenitors of the race which now dominates this republic.

So interesting are the recent discoveries that the bureau of anthropology has been instructed to conduct a vigorous research, and in this connection Fong Tsiang Kuang, charge d'affaires of the Chinese legation in Mexico, visited the pyramids and stated that the hieroglyphics were similar in many respects to certain symbols now in use by the Chinese. He declared the words "sun," "city" and "eye" were clearly depicted. Mexican anthropologists who have interested themselves in the discovery have declined to pass final judgment until further excavations are made and more evidence obtained.

Pyramids Primitive Marks.

The pyramids of San Juan Teotihuacan as well as those in Cholula, in the state of Puebla, are among the oldest marks of primitive habitation to be found in the republic. They stand as colossal monuments to peoples whose history was as obscure to the conquering Spaniards in the sixteenth century as to present-day historians. Because of their general construction, some authorities believe they are the handiwork of the Egyptians, who in some mysterious manner crossed the seas and denoted their places of permanent habitation with these stone and cement structures, which are even larger than the most famous pyramids of Egypt.

The little village of San Juan Teotihuacan, which in the Aztec language means "City of the Gods," was in the early days of Aztec history the scene of extraordinary religious ceremonies. The two pyramids, one dedicated to the sun, the other to the moon, are known to have been the tombs in which hundreds of tribal dignitaries were buried, and excavators have exhumed wrought stone containing human bones, obsidian knives, terra-cotta heads with broad faces and flat noses, fragments of rare pottery and great numbers of arrowheads.

Find Mask of Monarch.

One of the most recent and most valuable discoveries was a jadeite mask of some past monarch with the brow covered with the diadem known to early Mexican history. The pyramid to the sun measures 761 by 721 feet at the base and is 216 feet high; the one to the moon is 511 by 426 feet at the base and is 131 feet high. They both contain numerous chambers, and their several stories are complete temples in themselves, but connected by winding stairs.

The inscriptions having Chinese characteristics were discovered through excavating in the ruins of what has generally been known as La Ciudadela (The Citadel), but which, according to recent reports of investigators, are what is left of a pyramid larger and perhaps older than the two pyramids of the sun and the moon.

Tyrus Dunn, living near Atlanta, Ga., needed several new teeth. He consulted a dentist. Dunn was shocked at the estimated cost of the repair work which the dentist said was necessary.

"Won't stand for it," he said; "I'll make them myself." Dunn, who is a watchmaker, molded his teeth in his shop in molds made from beeswax. He fitted them himself and now he demonstrates to friends by hitting chews from his tobacco plug and cracking nuts with his teeth.

The Quick Way to
Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint of family supply, but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly loosens the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

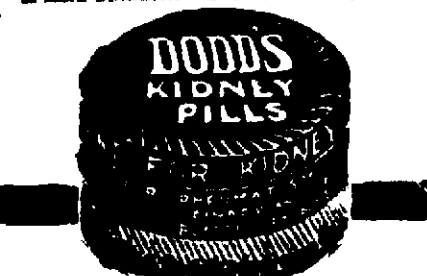

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment ask your druggist for 2½ ounces of Pinex with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

GIRLS' CLUB MAY HELP BUY X-RAY MACHINE

After equipping the baby's ward and adding to the pleasure and comfort of the nurses' home, the girls of the Twentieth Century club will conduct their annual tag day, Saturday.

This little organization has been most active in its assistance at the hospital, and last Christmas helped by Harry Swisher the girls purchased a piano for the nurse's home. They have financed many improvements at the hospital from the proceeds of their tag day.

This year an x-ray machine is badly needed for the work at the hospital, and probably part of the money obtained will be applied to it to purchase the machine. Other improvements will be made at the nurse's home and the people of Newark will be asked to respond to the pleas of the young women for funds.

Details are being completed for the tag day and a little lunch will be served all day at the headquarters in the Masonic Temple to the workers by the women of the hospital board.

SITS DOWN TO REST CHATHAM MAN DIES

Eating his dinner after working in the yard all morning John M. Wince 75, of Chatham, sat down for a few minutes' rest and died before assistance could be given.

The deceased was well known in Chatham and was aged 74 years, 7 months and 12 days. He is survived by nine children, six sons, William, Eli, Frank, Asa, Fred and Joseph, and three daughters, Mrs. Minnie Cruex, Mrs. Lucy Calt and Mrs. Belle Alsbach. The deceased made his home with his sister.

The funeral services will be held at the M. E. church in Chatham Wednesday at 1:30 o'clock and burial will be made in the Wilson cemetery.

STRIKE CAUSES EMBARGO ON STOCK SHIPMENTS

Chicago, March 30.—Live stock shipments to Chicago, with the exception of horses, were under an embargo today as the result of a strike of 900 members of the Livestock Handlers Union employed by the Union Stock Yards and Transit company.

Continuance of the strike for a week, packing company officials maintained, would cause a suspension of work at their plants and throw 50,000 employees out of work.

Hundreds of cars of stock were held on the outskirts of Chicago today and provisions were being made to divert them to other markets. Cattle receipts dropped to 1500 head yesterday, and hog receipts to 2000 because of the embargo.

A program will be given by the Sunday school next Sunday evening. Offerings are to be taken next Sunday to be applied to the indebtedness of the church.

FORMER DANCING TEACHER HERE DIES IN COLUMBUS

Mrs. Margaret Naddy Turkopp, dancing instructor in Columbus and who formerly taught dancing in Newark, died at the home of her sister Mrs. E. T. Nichols in Columbus yesterday.

Death followed complications resulting from influenza. Mrs. Turkopp conducted a dancing school at Assembly hall and has many friends in Newark. She has managed the Emerson dancing academy in Columbus. Funeral services will be held at St. Joseph's Cathedral Wednesday morning at 8:30 o'clock.

AMERICAN LEGION NOTES.

Post 85, the American Legion, as well as the department of Ohio wind up the membership campaign for 100,000 members for the state by April 6th. The Newark post is divided into two teams, namely, the single men and married men. Sherwood Miller heads the unmarried men, while Charles Starrett is guiding the campaign for the benedict.

The executive committee of the American Legion finished a three-day session in Washington, on March 23, called for the purpose of considering beneficial legislation.

Every state in the union was represented. Ohio was represented by both the state commander, and the state adjutant.

By an overwhelming majority the national executive committee approved a bill to be presented to congress, the substance of which is as follows:

First, land settlement—Provision to be made for land projects to be located by the government in all the states of the union where proper land is available; ex-service persons to be credited on account of their purchases of such project lands at the rate of \$1.50 a day for each day of service in the military or naval forces, government loans to be authorized to persons taking such land at low interest to cover improvement, stock and equipment.

Second, home air, designed to assist ex-service persons in acquiring homes in city or country by the government contributing to the purchase of such homes at the rate of \$2 per day for each day of service with military or naval forces.

Third, vocational training, to be given without charge under the board of vocational education for a length of time equivalent to service in the army, navy and compensation while such course of vocational training is being taken at the rate of \$1.50 per day for such days of service.

Fourth, adjusted compensation to be in cash at the rate of \$1.50 per day for each day of service payable within a year from the passage of this act by congress.

All ex-service persons are to be entitled to a choice of one of the four propositions and such choice must be made within ten years.

The amount payable under each of these items based upon service between April 6, 1917, and November 11, 1918. Recent news dispatches from Washington have given latter date as November 11, 1918, which was an error on the part of the correspondent. The correct date as covered by the bill is November 11, 1919.

AUDITORIUM The River's End

Manager Fenberg takes great pride in his future offering for the Auditorium for the three days starting this afternoon, for against the background of the eternal snows of the North, James Oliver Curwood has thrown his characters in "The River's End," said to be a most wonderful feature. It's Marshall Neilan's first production from his own studios and is presented throughout the First National Exchange, an officer of the Royal Northwest Police, starts out in pursuit of John Keith, charged with murder. At the end of three years he meets Keith face to face in an ice hut but in the far North, but Connister is taken down with the white plague and is unable to give battle to the enemy of the law. Keith takes him back to his hut and for weeks treats him as his own brother. Connister seeing the great resemblance between himself and the outlaw and learning Keith's true story and finding himself near death urges that they take each others place, the outlaw to return to civilization in the uniform of law's upholder. But Connister had forgotten to tell of Mary, his sister, long separated from him, nor did Keith remember the eyes of Shantung, the Chinaman who never forgot a face with resulting complications. Margery Daw, Jane Novak and Lewis Stone head the cast.

Tiger's Rose

Capacity audiences will be the rule wherever David Belasco's masterful and artistic production of Willard Mack's gripping melodrama of the Northwest, "Tiger's Rose," is to be presented, and that we are to have this intense play of passions at the Auditorium theater Friday night, adds additional interest. "Tiger's Rose" is said to typify the spirit of the great outdoors, to tell a love story of primitive purity and to hold the mirror up to nature with such fidelity as to almost

seem part of life itself. Interest in the play is constantly held from the first rise of the curtain to its final fall and the high tension engendered, we are told, will be relieved by a vein of delightful humor that will give to this drama sufficient comedy for satisfying relaxation. Senorita Maria Ascaraga is to play Rose Bocion, the "Tiger Rose." Nature is said to have endowed her with a personality and a charm which will make her distinctive in that role. Others in the cast are Elmer Grandin, Bernard McOwen, Emilie Lessing, James S. Lewis, Richard Cubbitt, Clayton Earl, Arthur J. Wood and half a score more, especially selected by Mr. Belasco himself, for their vivid and natural portrayal of the intense characters that they are to present to us in this master production of true stagecraft.

Let's Go

Those peerless dancers and versatile entertainers, Fanchon and Marco, are announced for appearance at the Auditorium theater next week in a new edition of their famous revue, "Let's Go," which ran for ten weeks in San Francisco. The presence of Fanchon and Marco at the head of the cast is sufficient to assure the fine entertainment qualities of the revue, but these artists have seen to it that they are supported by a most notable array of players, embracing such celebrities in the musical comedy world as Nelson and Chalm, comedians with a way their own, Arthur West, the noted black-faced marvel, Billy Dooley, Lucile Smith and a host of others, including the "thirty most beautiful girls in the world," whose evolutions contribute in no small measure, it may be imagined to the general gaiety.

ALHAMBRA

Every film fan who has seen End Bennett in her recent Thomas H. Ince Paramount photoplay successes, has reason to congratulate himself up-

on the entertainment her exquisite art has supplied to him. There are few, if any, film stars, who combine the essentials of art and personality more felicitously than she. She is at once a player of genius and a woman of captivating charm, two qualifications that serve to render her screen portrayals absolutely distinctive. Miss Bennett is creative and she vests her characterizations with those satisfying embellishments which betray the student as well as artist, and which serve to endear her the more with her rapidly increasing clientele. In "Happy Though Married" she presents a new and novel character in the portrayal of which she exhibits exceptional powers as a comedienne.

"Happy Though Married" will be seen for the last times tonight at the Alhambra.

Wallace Reid

If opinions of experts are worth anything, then "The Man From Funeral Range," Wallace Reid's latest Paramount starring vehicle which will be displayed at the Alhambra Wednesday and Thursday, is certain to become one of his most popular pictures. Mr. Reid says he is delighted with the photoplay and that it gives him a characterization of which any screen player may well feel proud.

Mr. Reid is seen as Harry Webb, a prospector, in this picture. Webb makes powerful enemies because he refuses to sell his mining claims to a couple of crooks. They involve him in serious trouble when he goes to the rescue of Janice, a cabaret singer whom he loves, who has been enticed to a room in a hotel on a forged note. A jealous woman shoots the man who is responsible for this and Webb is convicted of the crime, after Janice, whose testimony might have saved him has been abducted and held prisoner on a tramp steamship to prevent her from testifying in court. Webb escapes to the Funeral Range mountains and later, when the truth is revealed, he is pardoned and finds happiness in Janice's love.

Edwin Stevens

It will be good news to many screen devotees to know that Edwin Stevens, an actor without a peer on the screen, who played the sardonic, crafty Baron

Alexis in J. Parker Read, Jr.'s "Sahara," is the villain of the brilliant young producer's second, Louis Glauco production, "The Lone Wolf's Daughter," by Louis Joseph Vance, which comes to the Alhambra Theater beginning Friday.

Stevens' role in the new W. W. Hodkinson release eclipses in power the part assigned him in "Sahara," his performance as the leader of a criminal syndicate in London and the direct protagonist of the Lone Wolf himself ranking with his stellar stage achievement in the title role of "Frenz Molnar's famous drama, "The Devil."

LYRIC

Heston's Musical Comedy company opened to a good matinee and a packed house last night and without a doubt is the best company seen at this popular playhouse this season. There are so many clever people and redeeming qualities about this tabloid musical comedy that it is hard to decide on any single feature. This company will remain all week with four changes of program and on Thursday night \$5 in gold will be given away to the person holding the lucky number and on Friday night there will be six amateur acts that are new and up to date.

GEM

The story of the sinister power that a villainous hypnotist exerts over an innocent young girl and the ruin it almost brings to the life of a beautiful Quakeress, is told with telling effect in "Black Shadows," the new William Fox photodrama with Peggy Hyland in the leading role, which closes its engagement tonight at the Gem theater.

Milady's Boudoir

Becoming Hair. How very much care, and expert care, has to do with the beauty and comeliness of the hair and the reputation of many women for good looks. Comparatively few women have the natural wavy hair which always looks so well at all seasons of the year, to the constant envy of her many less fortunate sisters.

A girl's most serious problem is that of keeping the hair wavy in the spring when the wind blows hard most of the time and in all directions. The wise girl, whose locks are naturally straight, has, however, discovered that an application of curling fluid will help wonderfully in keeping the hair smooth and wavy. The fluid is made from a tablespoon of bruised quince seed and rose water enough to make 16 ounces in all. When using, moisten the hair, poured over the seeds and the whole allowed to stand several hours.

This preparation is thinned with a few drops of essence of violet before the hair is moistened with the liquid. Apply the fluid just before winding the hair on the curler. There is also a curling fluid that can be applied to the hair and left to dry. It curls the hair as it dries without the aid of crimpers. It is made as follows: Potassium of carbonate 120 grains, ammonia water one fluid dram, alcohol 12 drams, and rose water enough to make 16 ounces in all. When using, moisten the hair, adjust it loosely and allow it to dry.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c n. box.

Born in 1839 Dr. Caldwell Still in His Office Daily

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin.
Millions now use his famous prescription

Physicians know that good health depends largely upon proper digestion and elimination and that much sickness results from constipation. No one knows this better than the "family" doctor, the general practitioner.

Dr. W. B. Caldwell of Monticello, Illinois, was and is a family doctor. The whole human body, not any small part of it, was his practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

Dr. Caldwell in the course of 40 years' practice, for he was graduated from Rush Medical College back in 1875, had found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year the preparation was first placed on the market. The picture of Dr. Caldwell that appears on the package was taken in that year.

The preparation immediately had as great a success in the drug stores as it previously had in the doctor's private practice. Today the third generation is using it.

Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formulator of that prescription is fortunately living to see its wonderful success.

Women, children and elderly people are especially benefited by Dr. Caldwell's Syrup Pepsin. While it is promptly effective on the most robust constitution and in the most obstinate cases, it is mild and gentle in its action and does not cause griping and strain. Containing neither opiates nor narcotics, it is safe for the tiniest baby and children like it and take it willingly.

Every drug store sells Dr. Caldwell's Syrup Pepsin. Keep a bottle in your home. Where many live someone is sure to need it quickly.

DR. W. B. CALDWELL TODAY
Born Shelbyville, Mo., March 27, 1839
Began the manufacture of his famous prescription in 1892

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

LICKING IS THIRD IN LEGION'S CONTEST

Licking county has been tied for third place in the statewide membership campaign of the American Legion for 100,000 members by April 6. Ottawa county with 15 per cent of a quota of 104 possible, arrived abreast of Licking county which has been a quota of 2596.

The latest report was dated last Thursday. Since that time the local post has sent in a number of new memberships and it is presumed that a charter has been granted a post at Granville which will bring up the percentage of Licking county.

Butler county leads with 28 per cent of a quota of 3282. Wayne county is second with a 19 per cent total of a possible 1777.

Both the treasurer and adjutant of the local posts, Messrs. John Sachs and Harold Wilson respectively, say that memberships are coming in slowly but that Newark will have to hustle to get above third place in the race.

Max Norpell head of the county council has urged the posts in the county to put in some strenuous ticks the remainder of this month and for six days in April.

SCHOOL TO TRY OUT YELLS FOR DEBATE

The songs and yells especially written for the triangular debate have been printed and will be distributed so as to practice them in chapel on Wednesday morning. Howard Workman is in charge of the yells and songs, and has been very successful in getting the pupils to write them. Special words have been fitted to the music of popular songs.

The teams have begun the practice on the delivery of their speeches and are progressing very well.

BUFFALO SPECIALIST SEES DR. EMERY

Dr. Eli G. Jones, cancer specialist of Buffalo, and Dr. C. S. Emery of Toledo, were in the city Saturday and Sunday in consultation over the condition of Dr. H. R. Emery, a brother of C. S. Emery. Dr. Jones treats cancer medicinally and without the knife, and is considered by Dr. C. S. Emery "the last word" in cancer treatment.

It is the opinion of the specialist that Dr. Emery's trouble is caused by ulceration of the stomach and small intestines. There is a decided improvement in his condition.

James S. Emery accompanied his brother from Toledo, and Mrs. Jones accompanied her husband from Buffalo. Dr. C. S. Emery had secured Dr. Jones for a course of lectures on cancer treatment to a class of physicians in Toledo. He left for that city Sunday.

DICKMEIS FAMILY TO START FOR SWITZERLAND

Mr. and Mrs. G. M. Dickmeis and their daughter, Gretchen, leave tomorrow afternoon at 1:30 for New York, where they will take the steamship Leyland Saturday noon for Antwerp, Belgium.

He came to America from Dusseldorf, Germany, 26 years ago. He owned the shoe shop on Granville street recently purchased by Fishbaugh Brothers, and he was in business there for 14 years.

From Antwerp Mr. Dickmeis will go to Basel, Switzerland, where he intends to start a chicken farm. He said he had doctor's orders to stay outdoors, as he is suffering from asthma and bronchitis, and he chose the chicken business as one combining a good business opportunity with a healthful occupation.

Readers' Viewpoint

MORE ABOUT NEW TIME.
Editor of The Advocate: As someone wrote concerning the change of time and requested the sentiments of others on the subject, I will say that I am like a great many others: I think it is one of the most absurd, insane actions I ever knew a body of men to enact. What do they expect to accomplish? There must be a motive for such actions that cause so much confusion among the people.

This action by the government when we were in the great conflict was supposed to be essential at that time, but did very little good. I know of people that did not produce as much then as before, as they got home in the middle of the afternoon when it was too hot to work in the garden, so went fishing or auto riding, and consequently nothing was done, so if the change is made for this purpose I think it all in vain.

All industrious people will get up and be active without the use of any time piece, and a lazy person will not, no matter which way the clock is turned, so why the change is it made for the benefit of the diligent baseball league and golf players that they may have more hours at play? It looks like a shame that it must affect and discommodate a great many to satisfy the wishes of the few.

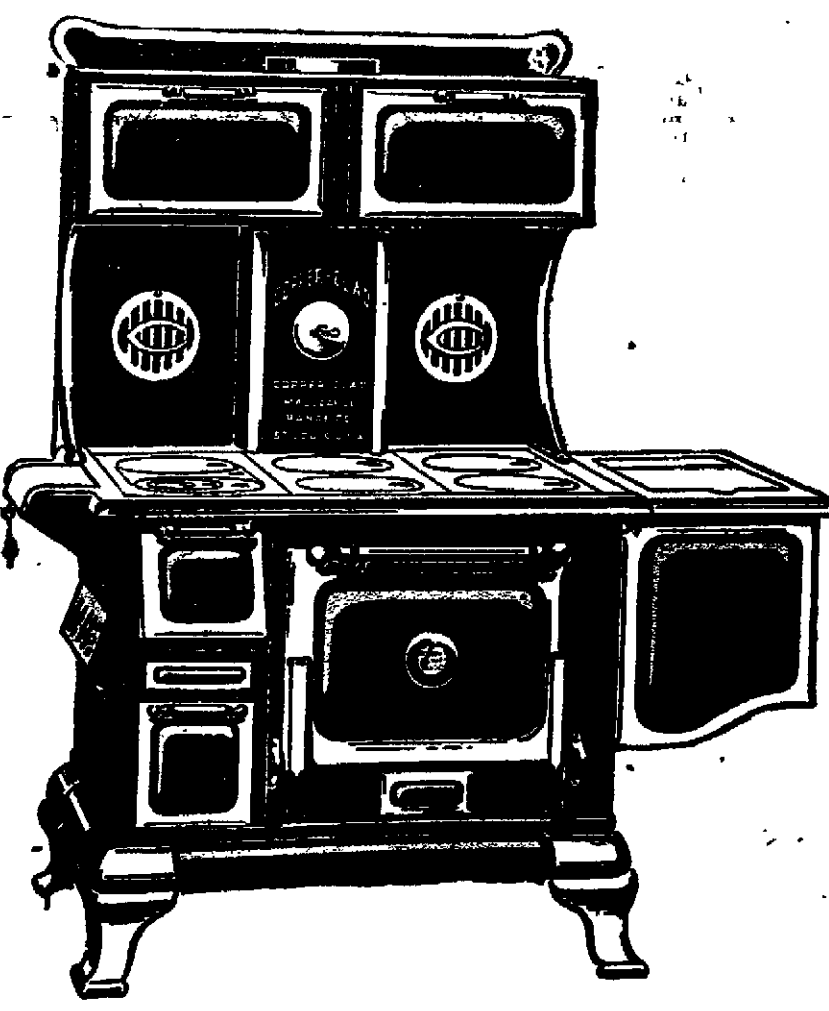

The children must be called from their sound and much needed morning

"OH—YOU BEAUTY"

That's what comes to your mind every time you go in the kitchen and see the Copper-Clad Range. It is an inspiration because the finest known example of the art in range making. It is a picture because so pleasing—a statue because ideal in proportions—a symphony because of the perfect performance.

THIS Set of Elegant Aluminum Ware FREE

"Free" means that this ware does not cost Copper-Clad buyers a single penny. It is a reward for buying while the Crank is here and is offered by him to justify you in attending this sale.

This ware is very substantial and just the kind that you would select if buying for your own use. The 7-in-1 convertible cooker takes the place of seven different vessels, as shown by figures 1, 2, 3, 4, 5, 6 and 7. You can use this utensil in some form every day.

Free to every Copper-Clad buyer during this sale. Come—See the Asbestos Swat.

ASBESTOS

SWEAT

See Why Copper-Clad Ranges Do Not Rust Out

A section of a range body is heated and there on the iron body is the sweat from the asbestos. Right before your eyes you see just exactly what happens every time you build a fire in your range. You see why the sheet of copper is used and what it does and how it does it. You take nobody's word—you see—you know—absolutely, positively.

Save a Thousand Shovels of Coal Every Year

You know how the many walls and air spaces of a thermos bottle hold the heat. You know that a house with a single wall is not as warm as the house with two walls and an air space. You know that storm windows, two windows with a space between, are much warmer than a single window even if it is as thick as the two windows.

The Copper-Clad Range has four walls and an air space. See what it means in fuel saving. See the water sizzle and boil away on the 3-ply sample

while it stands on the Copper-Clad sample. See how the heat is wasted by radiation on the three-wall construction and how it is saved by the four-wall thermos construction.

Suppose that you save but one shovel of coal at each meal; in a year's time you would have over a thousand shovels of coal. Pay? Of course, it will pay; and you owe it to yourself to see these two great demonstrations and know for your own self what range lasts longest—is most economical—cooks best—and looks best.

Copper-Clad means that Pure Sheet Copper is placed BETWEEN the sweaty asbestos and range body. To place it elsewhere would be like climbing on top of a roof to get out of the wet.

CONVICT FACTORY HEAD FOR ASSAULTING GIRL

The case of *Blanche Wright vs. B. R. Smith*, superintendent of the Hercules Clothing company of Zanesville, was heard in municipal court yesterday afternoon. Assault was charged. During the hearing it developed that there has been labor trouble at the local factory on West Main street during the last few weeks and the trouble developed when Miss Wright was discharged for a supposed part in the agitation. It was shown. She was prevented from going to the third floor of the building by Mr. Smith, who grasped her by the arms, making the arm black and blue. Four girls from the factory walked out in sympathy with the discharge of Miss Wright, the testimony revealed. Judge Bolton found the defendant guilty and his attorneys immediately asked for a new trial.

Texas, leaving Cincinnati Friday
evening, April 2d, at 6 o'clock, via
Nashville, Birmingham, Montgomery
and the old city of Mobile, Ala. Spend
night at New Orleans, taking supper
in the old French market, the finest
fish and oyster market in the world.
Then through Gulf Coast country, pass-
ing through the famous oil regions of
Beaumont, Texas. Then on to Hous-
ton, one of the cleanest cities of the
world. Leaving Houston at 9:30 p. m.
Sunday night, arriving at Hattiesburg,
Texas, in the Rio Grande valley, at
10:30 a. m. Monday morning, at which
place we take automobiles for a ride
through this busy valley for a distance
of 125 miles, viewing the fine orange
and grape fruit, and the agricultural
opportunities. By special ar-
rangements you can take this ten-day
trip at the small cost of \$50 for the
round trip, including all Pullman, din-
ing car and hotel expenses. For full
particulars see Mr. Mason at the office
of A. Nelson Dodd, 504 Newark Trust
Building. 3-30-11

Wynning Valley Grange.
The e will be a meeting of the Wy-
nning Valley Grange Wednesday eve-
ning.
Cancellation is favorable.
The condition of John F. Williams
who was operated upon Monday even-

ing at the Newark Sanitarium for mas-
toid, by Drs. Hatch, Shiner and Mc-
Clure, is favorable today.

Has Pneumonia.
Mrs. Lucy McDonald, mother of Mrs.
Emma Morse of Hudson avenue is ill
at her home with pneumonia.

Johnstown Minister Speaks.
The Woodside Presbyterian church is
holding services this week at 7:30
o'clock, new time. Rev. Thos. Wilkin-
son, of Johnstown, will preach this
evening.

Escapes Operation.
The condition of Miss Jean Lahn
who is ill with an attack of appendicitis
at her home in West Main street, shows
an improvement, and an operation will
not be necessary.

Improving Slowly.
The condition of Dennis Linehan,
who has been critically ill at his home
in South Third st., is improving slowly.

Stands Trip Well.
Prof. or Clyde Adams, who arrived
here Monday from Newark, N. J., stood
the trip well and is resting well today.
He was met at the train by his wife's
ambulance and taken to his home, 562
Granville street, where he is slowly re-
convalescing.

Meads Guilty to Theft.
Louis Simmons was pleaded guilty to steal-
ing a watch worth \$10 from Raymond
Archibald, who had rooms at the Bow-
ser hotel on Fourth street. The watch
was stolen March 26 and the man was
arrested yesterday by Officer Williams.
Who took Simmons out east of town, ar-
rived at the stolen property. The man
had traded it to a young farmer on the
Hunover road. Judge F. A. Bolton, of
the municipal court, fined him \$15 and
costs. Simmons is an ex-service man
sent with him.

At First Baptist Church.
The service last evening at the First
Baptist church was interesting. Dr.
George H. Robbins of Columbus deliv-
ered the address. The meeting tonight
will commence at 7:30, new time. Last-
ing about one hour, and everybody is
invited to come and enjoy the service.
Ford Makes Fast Trip.

Louis Swinehart and Dave Walters
returned yesterday afternoon from
Pittsburgh where they have been visit-
ing Mr. Swinehart's sister since Satur-
day. The trip was made in a Ford, and
Mr. Swinehart reported that the return
journey was made in four and a half
hours, which is traveling some.

Grass Fire Causes Alarm.
The squad wagon from the Central
station and the East Main street com-
pany answered a fire call to 92 Madis-
son avenue this morning at 11:25.
Neighbors had been turning rubbish on
the vacant lot and a grass fire resulted.
It was quickly put out and no damage
was done.

Theaters on Old Time.
Newark people who are going to Co-
lumbus this week to see the "Polites"
will note that the Columbus theaters
are operating on old time.

Charged With Making Threat.
The hearing of W. A. Rush, charged
by W. A. Cramer of threatening to
maul and kill Cramer, was heard before
Judge F. A. Bolton of the municipal
court this afternoon. Trouble started
over some poultry and as a result Cramer
swore out a peace warrant against
Rush.

**Mrs. Mershon Found Speedy Re-
lief After 18 Years' Suffering.**

"I had suffered from stomach trouble
for 18 years, and had spent hundreds of
dollars doctoring. Every winter I was
bedfast most of the time. I commenced
taking Milks Emulsion last fall, and be-
fore I had taken six bottles, my stomach
trouble disappeared and I have had no
return of it since. This is the first win-
ter in 18 years that I have not been bed-
fast. I also give Milks Emulsion to the
children for croup, with splendid re-
sults."—Mrs. W. C. Mershon, Brazil, Ind.

Thousands of people who have suf-
fered for years from stomach and bowel
trouble, as Mrs. Mershon did, have
found the same wonderful relief and last-
ing benefit from Milks Emulsion.

Milks Emulsion is a pleasant, nutri-
tive food and a corrective medicine. It re-
stores healthy natural bowel action, dis-
ting away with all need of pills and
physic. It promotes appetite and quick-
ly puts the digestive organs in shape to
assimilate food. As a builder of flesh
and strength, Milks Emulsion is strong-
ly recommended to those whom sickness
has weakened, and is a powerful aid in
resisting and repairing the effects of
wasting diseases. Chronic stomach trou-
ble and constipation are promptly re-
lieved—usually in one day.
This is the only solid emulsion made,
and so palatable that it is eaten with a
spoon like ice cream.

No matter how severe your case, you
are urged to try Milks Emulsion un-
der this guarantee—Take six bottles
home with you, use it according to direc-
tions and if not satisfied with the results,
your money will be promptly refunded.
Price 60c and \$1.20 per bottle. The Milks
Emulsion Co., Terre Haute, Ind. Sold
by druggists everywhere.
